

MUHAMMAD HAIKAL

Sukoharjo, Central Java | haikalmuh.dev@gmail.com | +6285775088152

SUMMARY

Fresh graduate in Software Engineering (PPLG/RPL) with a strong interest in Front End Web Development and modern web technologies. Experienced in building responsive and user-friendly web applications using Next.js, React.js, TypeScript, Laravel, JavaScript, and Tailwind CSS. During internship experience at a software house, contributed as a Front End Developer while also taking responsibility as a Team Leader, including coordinating workflows, monitoring project progress, and maintaining effective communication and collaboration within the team. Passionate about building modern digital products, learning new technologies, and continuously improving both technical and collaborative skills.

WORK EXPERIENCE

Front End Developer & Team Leader Intern 2025 - 2026
M-One Solution Software House

- Developed responsive and user-friendly web interfaces based on Figma designs using Next.js, React.js, TypeScript, and Tailwind CSS.
- Collaborated in developing multiple web-based projects and applications.
- Integrated REST APIs and optimized front-end functionality to improve user experience.
- Coordinated team workflows, distributed tasks, monitored project progress, and maintained communication between team members and supervisors.
- Contributed to the development of a web application for discovering hangout places in Sukoharjo Regency.
- Contributed to the development of a school website project for client needs with responsive and modern UI implementation.
- Participated in developing additional personal and collaborative portfolio projects.
